

NCQA Corrections, Clarifications and Policy Changes to the 2020 WHP Standards and Guidelines

November 22, 2021

This document includes the corrections, clarifications and policy changes to the 2020 WHP standards and guidelines. NCQA has identified the appropriate page number in the printed publication and the standard and head—subhead for each update. Updates have been incorporated into the Interactive Review Tool (IRT). NCQA operational definitions for correction, clarification and policy changes are as follows:

- A **correction (CO)** is a change made to rectify an error in the standards and guidelines.
- A **clarification (CL)** is additional information that explains an existing requirement.
- A **policy change (PC)** is a modification of an existing requirement.

An organization undergoing a survey under the 2020 WHP Standards and guidelines must implement corrections and policy changes within 90 calendar days of the IRT release date, unless otherwise specified. The 90-calendar-day advance notice does not apply to clarifications or FAQs, because they are not changes to existing requirements.

55	WHP 1, Element G	Explanation—Factor 1: Measure results	Revise the second bullet to read: • NCQA WHP Performance Measures results.	CL	11/22/21
PREVIOUSLY POSTED UPDATES					
22	Policies and Procedures— Section 2: Accreditation, Scoring and Status Requirements	Corrective action	Replace the text with the following: In certain circumstances, NCQA may require corrective action and submission of a corrective action plan (CAP) by the organization. Corrective actions are steps taken to improve performance when an organization does not meet specific NCQA Accreditation requirements. Failure to timely comply with requested corrective action may result in a lower score or reduction or loss of Accreditation or Certification status. A CAP is considered complete when NCQA notifies the organization that all identified deficiencies are resolved and corrective actions have been implemented. If the CAP is not completed within the agreed-on time frame, the organization must notify NCQA of the reason. The ROC determines completion of the CAP. If the CAP is considered incomplete, the ROC may extend the CAP, reduce the organization's status or issue a Denied Accreditation or Certification status as specified below.	CL	11/23/20
