As permitted by NCQA, some NCQA-Certified Vendors allow third parties to incorporate their certified measure logic into the third parties' products or services. Please contact the NCQA-Certified Vendors directly to inquire about these arrangements.

A status of "SEEKING" reflects that an organization is actively pursuing certification for certain measures. Organizations may be at different stages of the certification process for a selected measure set, achieving certification for a subset of measures during the "SEEKING" status period. For more information, please reach out to the organization or contact Sara Vasquez, Director – Measure Validation, at vasquez@ncqa.org.
