

Quality Compass bridges the gap between health care data and action, enabling data-driven decisions that improve patient outcomes.

Gain exclusive access to health plan performance metrics, benchmarks and custom reporting to pinpoint areas for improvement. Let Quality Compass help you achieve your improvement goals and simplify reporting.

The Most Comprehensive Dataset

- ✓ Includes data on Medicaid, Medicare, commercial and Exchange plans.
- ✓ Publicly reported HEDIS® and CAHPS® measures for all product lines.
- ✓ National, regional and state-level benchmarks (averages and percentiles).

Sole Source Information

- ✓ Plan-level performance results for publicly reported plans.
- ✓ Benchmarks calculated with public and non-public health submissions.

Who Uses Quality Compass?

- ▶ HEDIS vendors
- ▶ Government agencies
- ▶ Health plans
- ▶ Providers
- ▶ Researchers

Export customized reports in an easy-to-use online portal. Instant access for up to 30 users per license.

Customized data license agreements for special permission, use cases and data points.
